Sir:

The present Declaration is being submitted under 37 C.F.R. § 1.131 to establish a date of invention of the subject matter of claims 1-14 as originally filed, and claims 1-14 as are now pending before the U.S. Patent and Trademark Office. The above-referenced date of invention is at least as early as June 26, 2000.

The present application claims priority from two United Kingdom applications, namely GB 0015454.2 filed June 26, 2000 and GB 0020073.3 filed August 15, 2000. Although both priority documents were filed on different dates, approximately six weeks apart, the date of invention of the subject matter set forth in both applications was at least as of June 26, 2000.

Prior invention is established in the United States, in a NAFTA country other than the United States on or after December 8, 1993, or in a WTO country other than the United States on or after January 1, 1996.

Prior invention of the GB 0020073.3 United Kingdom patent application filed August 15, 2000 is established at least approximately six weeks prior, and at least as of June 26, 2000, because the undersigned inventors conceived of the present subject matter prior to June 26, 2000, then diligently submitted written invention disclosure materials to patent counsel with the intention of filing for patent protection.
